### **Courses provided through Home Safe Environmental**

- ***Lead Inspector/Assessor (5 days)*** – Introduction to the history of lead, facts about how lead is used, the health effects of lead poisoning, lead regulations, the roles and responsibilities of the inspector and assessor, state certification procedures, inspection and assessment protocols, clearance testing, visual inspections, radiation safety, interpretation of sampling results, report writing, interim controls, hazard control options, abatement methods, liability and insurance issues, and hands-on exercises in taking dust, soil, and paint chip samples. (\$625.00)
- ***Lead Worker (3 days)*** – Introduction to the history of lead, how lead is used, the health effects of lead poisoning, lead regulations, hazard recognition and control, medical surveillance, medical removal, personal protective measures, respirators, clothing and hygiene, work practices during abatement. Classes are available in Spanish. (\$375.00)
- ***Lead Supervisor/Project Monitor (2 days)*** – A review of the history of lead, facts about how lead is used, the health effects of lead poisoning, lead regulations, the roles and responsibilities of the supervisor and the project monitor, state certification procedures, liability and insurance issues, abatement and interim control techniques, lead regulations, contract specs, supervision techniques, sampling soil, dust and air, clearance testing, waste disposal, cost estimating and recordkeeping. Prerequisite: 3-day worker. (\$250.00)
- ***Lead-Safe Work Practices (1 day)*** – An adaptation of HUD's Operations & Maintenance course (NETA) and Renovator's course with these additions: 1) Title 17 (California) and Cal/OSHA 1532.1 regulations; and 2) short hands-on segment. This class does not count towards your certification. (\$125.00)

## Contractor Lead-Based Paint Training Mini-Grant Application

Name of Employee	Employee's Income**	Course	Cost
TOTAL			

*\*Please contact HomeSafe at (909) 796-7565 for a schedule of course dates. Courses are subject to availability, and exact dates will be arranged after City approval. Special classes can be scheduled for groups of 10 or more if necessary.*

*\*\*The Employee's Income is required for HUD's low to moderate income reporting and will be kept confidential. An employee's income does not disqualify them from qualifying for the program.*

Please provide the following documentation:

- Copy of California Contractor's License
- Copy of City of Riverside Business License

The maximum grant under the program is \$2,000, which will be paid directly to HomeSafe for all lead paint training; the Contractor will be responsible for any expenses over \$2,000.

I have received, read, understand, and agree to abide by the *Guidelines for the Contractor Lead-Based Paint Training Mini-Grant Program*.
